

COUNTY OF LOS ANGELES DEPARTMENT OF MENTAL HEALTH

TRANSFER OPPORTUNITY

Clinical Psychologist II

Adult System of Care - CalWORKs Program Administration

CalWORKs Program Administration is seeking a highly qualified, skillful and creative individual with a broad range of experience to fulfill responsibilities of a CLINICAL PSYCHOLOGIST II.

Desirable Qualifications:

- Knowledge of abnormal, developmental, personality and social psychology; theory and practice of individual and group psychotherapy; and Federal, State and local laws governing mental health services.
- Knowledge of DMH clinical documentation standards.
- Training experience, including curriculum development and group presentations.
- Strong verbal and written communication skills.
- Strong multi-tasking and organizational skills, and ability to adapt to changing priorities or situations.
- Ability to establish and maintain effective working relationships with co-workers, CalWORKs provider staff, DPSS representatives, and community-based organizations.
- Ability to provide administrative services countywide.

Essential Duties:

- Develops research-based training and orientation materials on the unique elements of CalWORKs mental health services and the Evidence Based Practices (EBP) utilized in the program.
- Provides training and consultation to CalWORKs mental health providers countywide and to DPSS staff as indicated.
- Monitors and evaluates EBP's implemented with CalWORKs providers. Participates in Supported Employment IPS fidelity reviews and completes comprehensive written reports
- Plans, organizes and implements procedures and clinical guidelines for service delivery and quality assurance. Monitors budget allocations and expenditures.
- Conducts formal and informal site review visits and provides comprehensive written reports.
- Troubleshoots problems in the assigned Service Area including notifying appropriate DMH and/or DPSS staff, and developing and implementing resolutions.
- Participates in professional staff conferences with CalWORKs providers concerning psychological assessment methods, techniques and results as related to EBP's utilized in the program.
- Travel throughout Los Angeles County.

Interested candidates who hold the title of Clinical Psychologist II are encouraged to submit a cover letter, resume detailing relevant experience and education, copies of last two (2) performance evaluations, and master time sheets for the last two (2) years by November 15, 2013 to:
